

# Stop Rural Primary Care Outmigration!

**Rural Health Solutions** provides proven growth strategies to rapidly reverse the primary care outmigration of rural facilities in 5 key areas:

- Ambulatory Care Coordination Program
- Clinic Optimization Program
- Prevention and Wellness Program
- Revenue Cycle Management and Billing
- Staffing for All Provider, Nursing, and Hospital Areas

**60 million Americans live in rural communities – but rural hospitals often struggle with staff shortages and a lack of resources and capabilities – causing their community to seek services elsewhere**

***Our physician-led team has successfully changed outcomes for more than 200 hospitals and health systems- and we can help you transform your facility's financial and clinical performance.***

*“Great listeners with a highly talented team of leaders, RHS produced high-quality work and have been great strategic advisors for our healthcare system.”*

- John T., Chief Executive Officer
